Slaughter Pig Marketing Summary

This week

Trading was limited with most processors keeping numbers to a pre-set minimum. Much of the focus now turns to the New Year and the challenge to get on top of the plentiful supply of pigs. The fresh meat market was a touch livelier than expected on the back of better demand. Cull sow prices stood on although the volumes traded were quite low due to the disrupted export market. The European markets were static and the Euro strengthened slightly against Sterling to end the year at 78.65p, which is a 5.3% fall in the last 12 months.

Weaner Marketing Summary

w/c 21/12/14

The market was quiet with only regular pigs to regular homes moving and very little spot trade. Weighbridge availability at this time of year is always a concern and the holiday period curtailed movements to the early part of the week only. The prices announced by the AHDB saw the weighted average for a 30kg store pig fall 5p to £46.80 and the weighted average for a 7kg weaner down by 60p to £34.68.
